## Erratum

## Erratum to “Energetic balance and kinetics for the decomposition of supersaturated $Ti_{1-x}Al_xN$ ” [Acta Materialia 55 (2007) 1441–1446]

P.H. Mayrhofer<sup>a,b,c,\*</sup>, F.D. Fischer<sup>d</sup>, H.J. Böhm<sup>e</sup>, C. Mitterer<sup>b</sup>, J.M. Schneider<sup>a</sup><sup>a</sup> Materials Chemistry, RWTH-Aachen, D-52074 Aachen, Germany<sup>b</sup> Department of Physical Metallurgy and Materials Testing, Montanuniversität Leoben, A-8700 Leoben, Austria<sup>c</sup> Institute of Materials Science and Technology, TU Wien, A-1060 Vienna, Austria<sup>d</sup> Institute of Mechanics, Montanuniversität Leoben, A-8700 Leoben, Austria<sup>e</sup> Institute of Lightweight Design and Structural Biomechanics, Vienna University of Technology, A-1040 Vienna, Austria

The publisher regrets that in the abovementioned article the root symbol in Eq. (16) incorrectly extends over the term  $-\frac{B}{A}$ . Eq. (16) has been printed correctly below:

$$r \cong \sqrt{\frac{B^2}{A^2} + 2At} - \frac{B}{A} \quad (16)$$

The evolution of the particle radius in Fig. 5 that refers to Eq. (16) was obtained with the correct expression.
